# REGIONAL EDUCATION IN COMMON EUROPEAN CULTURE AND EDUCATION

## OUR KEY OBJECTIVES ARE:

- 1) to develop an attitude of respect for the cultural heritage of our regions,
- 2) to deepen students' ties with their region,
- 3) to develop a sense of responsibility for cultivating tradition and popularizing the achievements of previous generations,
- 4) to stimulate students' activity and development of their key competences in the field of language learning, creativity and art through the subject of regionalism,
- 5) to raise awareness of students who understand the importance of European cultural values,
- 6) to promote social inclusion of students from partner countries,
- 7) to increase the number of students who will identify culture in 6 countries – focusing on the topic: Discovering Regional Education under 6 themes of exchanges in their own country and in partner countries to promote ownership of shared values,
- 8) to extend the curriculum content in 6 schools in humanistic area,
- 9) to interest other schools, representatives of education authorities of 6 countries in teaching about regional issues.

## RESULTS:

---

### 1) an eBook “REG”: in 6 native languages and English

each school will prepare materials with accompanying presentations and handouts for students.

We will share the eBook with local and city authorities and local schools in the form of a pdf document, as a free tool for teacher training containing lesson plans, description and material from workshops, propositions of methods, pictures of products, and **6 thematic posters**.

### 2) a comparative e-dictionary published on eTwinning: students with the help of teachers will prepare vocabulary lists in their own languages with definitions both in English and native languages

### 3) virtual exhibitions of the results in the form of videos on the YouTube channel: each school will publish their material on the project website.

### 4) quizzes and questionnaires

### 5) local events
